Secutech 2012 Visitor Registration Form

Online Register: www.secutech.com or FAX TO: +886 2 2659 9069

Please fill in the following personal information (or attach your business card) and finish the questionnaire accordingly.
Upon receiving your registration form, we will send out the registration notice via email.

Company Name :

Name : First Name Middle Last Name Prefix : Mr. Ms. Dr.

Email : To ensure you will receive notices from the organizer, please confirm the email address is correct Password : Only use for proceeding visitor registration; more than 6 digits / characters

Department : Job Title :

Address : Room Floor Building Road / Street

District City Zip State / Province Country

Tel : Country Code : Area Code : Number : Ext :

Fax : Country Code : Area Code : Number :

Mobile : Website :

1. The show you want to attend (multi. Ticks)
- ☐ Secutech ☐ Fire&Safety
- ☐ Composec ☐ Info Security

2. Your Business Nature (multi. Ticks)
- ☐ Manufacturer ☐ System Integrator ☐ Export Service
- ☐ Consultant ☐ Importer/Distributor ☐ Branch Office/Subsidiary
- ☐ Dealer/Reseller ☐ Security Service ☐ Installer
- ☐ Other _____

3. For security industry player, is your company involved in the IT or networking Industry?
- ☐ Yes ☐ No

4. Employee number of your company (Single Tick)
- ☐ 1~25 ☐ 26~50 ☐ 51~100
- ☐ 101~250 ☐ 251~500 ☐ 501~1000
- ☐ more than 1001

5. Your department & management level

5.1 Primary job function (Single Tick)
- ☐ Purchasing ☐ R&D ☐ Executive Management
- ☐ Marketing ☐ Sales ☐ MIS
- ☐ Project Design ☐ Factory Safety ☐ Risk Management
- ☐ Others _____

5.2 Management level (Single Tick)
- ☐ Executive Management ☐ Senior Management ☐ Other Management
- ☐ Professional specialist/technician ☐ General Staff

5.3 For a "Professional specialist/technician", please select your territory (Single Tick)
- ☐ Electricity ☐ Fire ☐ Security Management
- ☐ Water ☐ Architect ☐ Industrial Safety
- ☐ Refrigeration and Air Conditioning ☐ Others _____

6. Your purchasing authority (Single Tick)
- ☐ Final/Crucial decision ☐ Recommend/Evaluate
- ☐ Specify/Initial selection ☐ None

7. Purposes of visiting Secutech (Multiple Ticks)
- ☐ Look for distribution / dealership opportunity
- ☐ Look for OEM / joint-venture partners
- ☐ Purchase or source products
- ☐ Collect market information
- ☐ Attend international conferences
- ☐ Others

8. What is the budget for your company to purchase security products in 2012?
- ☐ Not enough USD 30,000 ☐ USD 30,000-160,000
- ☐ USD 160,000-330,000 ☐ USD 330,000-1,000,000
- ☐ USD 1,000,000-1,660,000 ☐ More than USD 1,660,000

9. Products to source or survey (Multiple Ticks)

*Electronic Security
- ☐ Analog Surveillance ☐ IP / HD Surveillance ☐ Vehicle Security
- ☐ Transmission (Analog / Digital / Wireless / Fiber-Optic)
- ☐ Video Software/ Management Platform (IVS/ CMS / PSIM)
- ☐ Access Control / Biometrics / RFID ☐ Alarm
- ☐ Video doorphone / Intercom ☐ Home Automation
- ☐ Guarding Service ☐ Personal Safety ☐ Police Equipment

*Key Components
- ☐ Image Sensors ☐ Image Processors ☐ Image Displays
- ☐ Codec ☐ Storage (DOM / SSD / HDD)
- ☐ Platform (CPU / SDRAM / SoC / MCU)
- ☐ Bus Interface IC / USB Controller / RF IC ☐ Power Supply

*Fire Safety
- ☐ Active Fire Safety ☐ Disaster Prevention and Rescue Equipment
- ☐ Passive Fire Safety ☐ Industrial Safety and Environmental Sanitation

*Info Security
- ☐ Security Management ☐ Network Security ☐ Content Security
- ☐ Application Security

10. How many times have you visited Secutech?
- ☐ First time ☐ 2-3 times
- ☐ 4-6 times ☐ More than 7 times

Privacy Policy Information you supply to Messe Frankfurt New Era Business Media Ltd (MFNE) will be used to provide you with services and information about our exhibition, publications or services in the form of direct marketing activity. Except from above, your data will be strictly managed by MFNE.

18-20 April 2012, Nangang Exhibition Hall, Taipei World Trade Center, Taipei, Taiwan

secutech International Security Expo

SHOW NEWS UPDATE

The 15th international exhibition and conference for Electronic Security

Everything You Need from Original Manufacturers

Issue No. 1

Forge Long-Term Partnerships with Quality Makers

Secutech International is the world's only exhibition gathering original security manufacturers under one roof. Unlike other security shows, copycat products are not welcome. The exhibition showcases competent manufacturers with top-notch R&D and strict quality control, ensuring you find the right partner for your sourcing needs.

Research and Development Power

For the latest technology developments, speak to R&D experts at Secutech International. Instead of sales people, engineers are on the ground to demonstrate what makes their solutions tick. A good sourcing partner differentiates you with the right products for your portfolio. The show is a can't-miss event for OEM and ODM seekers. Meet prime manufacturers from Taiwan, Korea, China, Southeast Asia and other countries at Secutech International.

FREE STAY*
during Secutech '12!
Pre-register Now
*Fax back the completed registration from on the last page of this copy and get the chance to 3-night free hotel coupon*during Secutech 2012!
Only valid in organizer's designated hotels.

Complete Turnkey Solutions for Your Local Needs

The migration to IP has enabled stronger integration. Find the latest networked offerings from quality suppliers at Secutech International. For system integrators, Secutech International has the most comprehensive offerings for application-specific solutions. The 2011 Secutech set new record numbers for 551 exhibitors, once again highlighting its position as one of the world's most influential security trading platforms.

One-Stop Shopping from Components to Solutions

Secutech International will house a broad spectrum of security — from components, products and software to total solutions — covering more than 35,800 square meters of exhibition space. The show will feature a comprehensive surveillance lineup from lenses, cameras, video servers, NVRs and DVRs to software platforms.

Bullet Network Camera

5 Megapixel 1/3.2" CMOS Sensor in High Resolution; H.264/ MJPEG Dual Codec & Streaming simultaneously; Auto-IRIS; Vari-Focal Lens 3.3-12mm F1.6; Up to QSXGA (2592x1944@10fps) / 1080P (1920x1080@30fps); Digital I/O for External Sensor and Alarm; Mechanical ICR; Digital Powerful WDR; Built-in IR Illuminator; 3D Noise Reduction; 2 Way Audio Supported; Intelligent Video Analytics; 3GPP Supported; IP 68 Water+Vandal Proof; Micro SD Card Supported (SDHC up to 32GB); PoE Power Over Ethernet IEEE802.3af (Option)

3S POCKETNET TECHNOLOGY / L604-L607

ARay 3MP

ARay 3MP uses 1/2.8" CMOS sensor and is a 3 Megapixel (max. 2048x1536 with 20fps), Color & D/N IP camera. It provides H.264, MPEG4 and MJPEG compression, multi-streaming, embedded web server, built-in motion detection, I/O, built-in microphone and security protection (password required). ARay 3MP also supports SD card (max. 32GB), PoE, audio output and TCP/IP, RTSP, DHCP, HTTP, FTP, etc. protocols. 100% Made in Taiwan. High quality, reliability and performance. Visit N819-N821 (4F) or www.accordance.com.tw for more related products information.

Pan range:360°Continues rotation; Tilt range:0~90 flip 180; Image Sensor:1/2.8 type solid state Progressive Scan CMOS; Picture Eliment:1920x1080 P; Video Compression:H.264 Main Profile@Level 3.0MJPG/JPEG Baseline; Min. Illumination:1.6Lux/0.004Lux

ACTIONTOP ELECTRONICS (SHENZHEN) / N102-N105

Ai-IR68 Camera

"Akula" in Russian means "shark", one of the most highly sensitive fish in its species. As inspired by the shape of sharks, the latest series of Acumen IR cameras, called "Acula-men". It has the highest resolution of 700 TVL with wide dynamic range function. In using the Acumen security cameras, the audio and video signals are perfectly synchronized in a single system. These security cameras have been designed with a wide range of extra analytical functions, such as face recognition, motion detection, motion + face detection, 4 alarm outputs, alarm detection with 2X zoom in, plus a programmable schedule.

ACUMEN INT. / M616-M624

Afreey Wireless 2M Full HD H.264 Pan/Tilt IR IP Camera

The Afreey ANC-818M features a 2M Full HD CMOS sensor. Multi-Codec (H264/ MPEG4/MJPEG) and multi-streaming; Support 802.11 b/g/n; Support e-PTZ function ; Up to 30 fps at 1920x1080; Build-in microphone, SD Card slot, USB hard disc slot; Support easy wireless setup-WPS key; 12 IR led for day & night monitoring; Support connectivity with smart phone, iPhone and pocket-PC; Pan:355 degree; Tilt:135 degree; Support ONVIF standard

AFREEY INC. / K935, K937

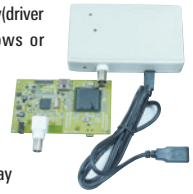
Alinking 2-Megapixel H.264 IP Camera

Alinking HD 2-megapixel IP camera adopts high quality CMOS sensor to reproduce ultra smooth video images of still objects, even moving objects. With high-definition resolution, Alinking 2-magapixel ip cameras can deliver extremely clear and sharp images. Two-way audio, video motion detection, active tampering alarm, PoE (optional) and a SD/SDHC slot for optional local storage are also supported. From design to mass production, each process is controlled strictly by Alinking's self-own factory in Taiwan to ensure the product quality. Alinking high-end 2-megapixel ip camera (network camera) is an ideal solution for airport, freeway, building entrance, bank, store, school, open space or accurate identification applications.

ALINKING / K328-K331

AOP HDR 2000- H.264 SDI Recorder for HD CCTV System

This Device Encode standard HD-SDI Video Input with hardware based H.264 level 4 high profile and output the result video to PC/ NB based USB 2.0 standard Port. The encoded video file then can be read and decoded by software utility(driver or media player) based on Windows or Linux system and also a real time streamer application (we will develop a application like VLC) may concurrently decode and proceed the encoded video to a graphic display device.



A-OPTRONICS TECHNOLOGY / L1120

AV20185DN-20 Megapixel 180-Degree Day/Night Panoramic Camera

Arecont Vision, the industry leader in IP-based megapixel camera technology, is now shipping the world's first 20 megapixel day/ night panoramic camera. The all-in-one AV20185DN SurroundVideo® camera provides situational awareness solution for applications where mechanical pan-tilt-zoom (PTZ) devices or multiple cameras would be needed to view expansive coverage areas. Multiple zoom windows make it possible to monitor the entire field of view while simultaneously monitoring specific regions of interest more closely. The higher-resolution panoramic view of the new 20 megapixel/180-degree H.264 camera can be used to replace multiple conventional PTZs or fixed cameras.

ARECONT VISION / J424, J426

AVS7201, Fisheye Lens Distortion Compensation with Digital PTZ

AVS7201 is a mega-pixel image processor that enables electronic pan, tilt, and zoom for surveillance, teleconference, security, and other similar camera systems equipped with fisheye lenses. It converts hemispherical image to rectilinear image and supports multi-view display of selected image areas with independent ePTZ. In addition, this product supports CMOS and CCD sensor inputs and is capable of generating up to four CVBS or digital outputs.

AVISONIC TECHNOLOGY / M914-M917

Projection Lens, Telescopic Lens, Dynamic Aperture, Optical Lens, Metal Parts Manufacture and Surface Treatment, Telecentric Lens

1. Provide more efficient production of services such as optical design, mechanical design, the production of metal parts and surface treatments (super hard anodizing). Also includes performance test device. 2. Be the only one MP manufacturer in Taiwan, including eyepiece and object lens with highly accurate and coating performance. 3. Customized product, offer more professional and flexible services. 4. Have been accumulated more than 30 years experience in this field, satisfactory quality is always our pleasure. 5. With excellent capability and experience can meet the high accuracy request. 6. Both of deep view depth and extra low distortion advantages adapt to the application of visual and automatic design.

BASO PRECISION OPTICS / M903

Video Signal Transmission, Video Modem System, Video Digital Link

Biwave Technologies, Inc. is a manufacturer in Taiwan, specializing in Coaxial Cable Transmission for CCTV/Surveillance systems for many years. Our products VDS/VDL are the best solution on coaxial cable. By using only one coaxial cable for sending video, audio, alarm signals, RS485 data and DC power over long distance, you can enjoy the great convenience of installation and maintenance. The outstanding features are: No video signal loss, no hum and no twist; Provides sufficient DC power for whole system; Transmission distance is up to 1000 Meters; completely transmits picture and sound in real-time using one coaxial cable; Rugged and compact size.

BIWAVE TECHNOLOGY / N506-N507

Brainchild CAM53X Series Mini Dome Network Camera

The Brainchild CAM53X series, with compact and portable design, can be installed on the ceiling to cover wide field of monitored scene. The CAM53X series equipped with high

Surveillance

quality sensor not only delivers clear image captures, but also remains stability to monitor every corner. Coupled with user-friendly interface and smart video management system, CAM53X series is the best surveillance guard protecting physical and environment safety.

BRAINCHILD ELECTRONIC / K1123-K1124

5 Megapixel HDTV Fixed Box Network Camera

H.264, MPEG-4 and MJPEG Triple Codec Compression; HDTV Quality (Full HD 1080p @ 30fps Streaming); Unique Design for Low Lux Application (1/2.5" Sensor); Intelligent Multi-Profile Sensor Management® for Different Environment; 1 DI/DO for External Alarm and Sensor Device; 802.3af Compliant PoE; Interchangeable CS Mount Lens; Built-in SD/SDHC Memory Card Slot for Local Storage; Removable IR-Cut Filter for Day and Night Function; 3G/ 4G (WiMAX/LTE) Wireless Connectivity Support

BRICKCOM / K108-K121

COMPRO NC500 Auto-Tracking PTZ Camera

Featuring on-board automated and event-triggered tracking, 340-degree pan, 100-degree tilt with 10x digital zoom mechanical design, Compro NC500 is an ideal choice for securing office, reception areas, warehouses, or anywhere where there is a need to keep track of movements after hours. Twelve IR LEDs and a mechanical IR-cut filter coupled with a professional-class light sensor help NC500 deliver crystal clear images even under low light conditions. Equipped with advanced video compression and bandwidth optimization technology, Compro NC500 can live feed high-quality H.264, MPEG-4 or MJPEG video to PC or smartphone simultaneously.

COMPRO TECHNOLOGY / K138-K143

HD-SDI DVR

The biggest hot issue of DVR market is definitely HD-SDI, the mega pixel high resolution. We have lead the security market releasing CIF and D1 Realtime DVR first in the world and achieving another big successful story with HD-SDI full line ups, 4/8/16CH first in the world. To complete the line ups, Hybrid (2HD+14analog) and full HD real time recording /playback products are also available. The advanced CMS PRO is supporting the products to satisfy the various demands for users. So please do not miss this perfect opportunity to see the innovative products.

CTRING / L828-L829

VIR28100MASD-3 MEGA Lens

It's time to welcome new technology from DAIWON OPTICAL CO., LTD. We launch new lens, VIR28100MASD covering 2.8-10.0mm wide angle. Since it supports 3 megapixels performing full HD, you can verify any aspect ratio can be used without losing resolution and get clear image when enlarge it. IR correction maintains resolution from visible light to near infrared light without image degradation and embedded ICR filter helps to protect your property during Day and Night. To experience new world, contact us today.

DAIWON OPTICAL / N1018, N1020

E-Detective - Real-Time Network Forensics and Lawful Interception System

E-Detective captures, decodes and reconstructs various types of Internet traffic. It is commonly used for organization Internet and behavioral monitoring, auditing, record keeping, forensics analysis and investigation as well as legal and lawful interception.

DECISION GROUP / N1117

LINE-PCI-E 32*25

Stability - the core of software "Line", works as a Windows service; Hybrid - support many types of ip cameras, and you can mix analog cameras and ip cameras; High resolution - analog camera support 704*576, IP camera not limited; Remote management -you can remote manage servers anywhere; Different range of reactions - more than 10 types of reactions; Web server - support IE, Chrome, Firefox, not need install ActiveX; Mobile solution - support IPhone, Ipad, Android, Windows mobile and J2ME; Multi-zone motion detector - automatic suppression of video noise. Set sensitivity for each zone; 5 year warranty, free software update.

DEVLINE / N710-N715

Surveillance

1/2/4/8 CH Intelligent Mobile DVR

1/2/4/8 CH SUPERB and COMPACT digital video recorders are designed for all vehicle use. It features robust, cost-effective, wide power input and low power consumption. It provides built-in battery to maintain reliability protecting data loss and security lock to avoid disconnection by vibration. 6-levels delay-off function is offered to prevent from data loss. Alternative storages are also supported via USB flash drive and external hard drive for easy back-up. Additionally, it reserves the functions to support map tracking.

ET & T TECHNOLOGY / L1004

PowerFocus CMS

PowerFocus is the next generation Central Management Software (CMS) designed for managing all EverFocus IP surveillance cameras and Video Encoders. It supports up to 64 Channels of Megapixels IP surveillance cameras in a hierarchical structure of system for monitoring, recording, playback, and event trigger management. Purchasing any model of EverFocus IP surveillance camera and you are getting PowerFocus for FREE without any limitation. More importantly, PowerFocus has a user-friendly interface for easy, efficient and powerful control. It caters all your needs in various structures and constitutes a robust system for stores, banking and facilities.

EVERFOCUS ELECTRONICS / N609-N617

Professional CCTV LCD Monitors

Exland is a leading professional CCTV LCD Monitors manufacturer in Taiwan, with its 27 years manufacturing experience and strong product development, Exland has been serving with lots international famous Security Companies (OEM base). We have full range of CCTV LCD Monitors from 9.7", 5",17",19",22",26",32",42",46",55",65" to meet CCTV different application. We have launched the newest HD-SDI CCTV LCD Monitors since April, which high-end CCTV LCD Monitors equipped with lots functions and features including No limit looping out, 5 Scan mode, PIP/PBP, Alarm Trigger, ID Remote…and with variety of connectors (HD-SDI, HDMI, DVI, BNC, RCA RS-232, S-Video).

Original NEWEST Sony Camera Module Resolution 540TVL; Slow AE which can recognize car plate+ Image Stabilizer +3D-DNR + Auto WDR mode +WB SVL mode +Zoom Trig mode: 128 preset points (optical 255 points) , Preset speed : 380°/sec Turbo Manual Speed: Pan 120°/sec ; Tilt: 80°/sec + Full OSD menu + Privacy Zone Masking; Min. Illumination: 1.4 Lux/F1.6 (Day), 0.01Lux/F1.5 (Digital Slow Shutter) , 0 Lux (Night); H.264, MPEG-4 and M-PEG Compression, DVD resolution at lower data rates and smaller file sizes; D1 resolution 720*480; System On a Chip(SoC); Digital TimeCode Embedded, etc.

EYEVIEW ELECTRONICS / M546-M547

AN4L+NVR

The AN4L+NVR is an 4-bay Tower with from 1TB to 12TB of storage. It can easily connect and configure any RTSP enabled IP-cameras. Supports RAID level 0,1,5,6, and spanning. Integrates with Milestone TM Exacq TM OnSSI TM or other VMS systems. (Optional license required) "Pay as you grow" as additional unit can add to the network and VSA search engines will search all VSA units in the network. AN4L+NVR enables easy end-user playback of vast amounts of video assets. Rewind, play and fast forward with adjustable viewing speeds.

EZ DUPE INC. DBA SANS DIGITAL / N1026

SR-HD9413

SR-HD9413 is a remarkable DVR for HD CCTV digital video solution. Supporting 4 HD-SDI video inputs with H.264 codec, it also delivers real-time triple streaming for live and playback. SR-HD9413 gives a maximum 12TB internal storage capacity and expandable with external e-SATA device for bigger storage. Familiar and friendly GUI is easy for users to operate. Besides, 3G mobile surveillance such as iPhone and Android Phone are also supported to let users monitor anywhere, and powerful CMS for a wider application needs. Applied with Finest's HD-300CM HD CCTV Camera, we assure to provide a complete HD solution to secure your community and properties.

FUZHOU FRAN M&E TECHNOLOGY DEVELOPMENT / M1000

Serial LCD Module

LCD module with RS2332/ USB interface. Available range: 16x2/ 20x4/ 128x64/ 144x32/ 192x64/ 240x64.

GIFAR TECHNOLOGY / M1001

Network Digital Video Recorder

Technology: High performance embedded microprocessor, H.264 video compression. Record & Playback: Support D1+CIF real-time recording, network transmission, and multi-channel synchronous playback. Video output: CVBS/HD VGA output, synchronous output. User Interface: System adopts graphic user interface, support USB mouse, keyboard, and remote control operation. Smart Security: Support alarm, motion detection, Camera Masking, Ball machine linkage etc. Storage: Multiple SATA HDD (per HDD is 2T), Support S.M.A.R.T technology. Network Function: Own DNS (faceaip) resolution, real time pictures-monitoring through viewer. Special Function: Cell-phone monitoring, PIP preview, image freezing, independent channel audio switch, graphic playback interface at client end.

HANGZHOU QIYANG TECHNOLOGY / N914-N915

CCTV

We are one of leading manufacturer and inventor of professional security items, especially CCTV camera, Panoramic Camera covering 180 degree named E.T camera, IR camera, Vandal-proof dome camera etc. Particularly HDPRO has been leading the security market with various kinds of security products of IR LED camera, LCD observation system and LCD combo DVR since 1995.

HDPRO / M625-M633

DS-9116HFI-ST Standalone DVR

The DS-9116HFI-ST Standalone DVR is based on Texas Instruments (TI's) new Netra embedded platform which allows enhanced system stability, improved video quality and more flexible HDD management. It features redundancy design with a primary system in operation and another providing constant backup, which ensures no data loss and the DVR continues to function in a stable manner. The DS-9116HFI-ST offers simultaneous HDMI, VGA and outputs at 1080p resolution, the unit also allows 16-ch simultaneous playback in real time at 4CIF resolution. Picture quality is enhanced through 3D digital noise reduction. Superior HDD quota management has been achieved by allowing different capacities to be assigned to each channel.

HIKVISION DIGITAL TECHNOLOGY / M312-M320

CCTV Camera

HUB new product line-up include the newly developed camera case, with advanced Extreme board, it delivers super high resolution of 650TVL Color and 700TVL B/W, and has functions such as 3D-DNR, WDR, DSS, SMART IR, etc. Now our sleek design, user-friendly, and state-of-the-art products are well sold all around the world and gained ground against other established names.

HUB TECHNOLOGY / L232

Car Blackbox B4H

2ch Car Black Box is the combination of technologies (Video Cameras, GPS, DVR, G-Shock Sensor) to monitor in/outside while driving or parking. It records video and audio, location, date, time, speed, brake application, road conditions, etc. This information can be used to apportion liability in the event of an accident or as evidence in court for defense or prosecution and monitor to correct driver's behavior for safety.

HUVITECH / L005-L006

Surveillance

IECIntraCloud™ Ethernet IP Power/ Infrared Control Box

IECIntraCloud™ Ethernet IP Power/ Infrared control box (Model: IEC-N010) provide center control system through the Ethernet remote control. It is easy to scheduling control to the electric equipment power or infrared on off. Such as, set top box, LCD TV, projector, copy machine, printer, heater, air condition or machines which need the Infrared control. This product is suitable for office, government, school, corporate, factory, or home users. It is also suitable for power demanded control equipment, in order to green power and co2 footprint control.

IECONT TECHNOLOGY / N1004

V2070 HD Digital Video Matrix Switcher

Infinova's V2070 makes it extremely easy for integrators to install an HD system that lets customers match the viewing flexibility of video walls in traditional systems. Since traditional matrix switchers cannot handle HD video, the V2070 lets operators have a fully functional HD control room solution with HD (1080P/720P) video inputs and 16 HD video outputs. With no compression, there is no delay in controlling PTZ cameras, a common problem with IP cameras. This major benefit allows security operators to accurately control intricate movements of the PTZ cameras to follow a suspect.

INFINOVA / K100-K101

8-CH Mobile DVR

A major breakthrough for witnessing the most unexpected situation during the driving –KCA 8-CH MDVR ,Real SOC design to performance 100% non-stop recording / stable quality.
The ultra H.264 D1 resolution design which can work on consumer channel (Express courier team / school bus…) also can work on Government project (Bus / Truck / Police car) KCA's MDVR for your constant security even in motion. Perfect Integration….Solid Performance…Competitive Price…KCA's MDVR will be your best choice.

KINGDOM COMMUNICATION / M608-M613

402 Router

HSUPA-402 is a versatile & easy-to-use surveillance device that provides excellent usability and various functions for applications from a distance. It is a 3G camera, which can be controlled by any 3G cellular phone remotely. No need to install driver or special program. Use standard cellular phone keypad to turn left and right. Or up and down. As well as switches on/off speaker, Infra-red. This device also can do video recording and store on SD card, or send by MMS (optional),e-mail through SMS control. Camera also can be shared by up to 20 users whose users are allowed by master.

LIGHTSPEED INTERNATIONAL / N1027

LP-7516H

5GHz Wireless AP Router. Complies with 5GHz IEEE802.11a and IEEE802.11n standard. Wireless mode: AP, Client, WDS. Software WPS function.

LOOPCOMM TECHNOLOGY / K1119-K1122

Day & Night 3MP HD Vari-Focal IR IP Camera

Full HD 3.27 MP CMOS; True H.274 AVC/MPEG-4 part 10 real-time video compression; 3D noise reduction (MCTF); 2D WDR function; Face/Tampering/Audio/ Motion detection alarm function; Digital PTZ supported; IR radiant distance up to 45M; 2-way audio supported; Onvif supported.

MERIT LI-LIN ENT. / K626-K636

Surveillance

NCR875PRO-Full HD 1080p, IR Bullet Network Camera

Supporting H.264 compression method, the NCR875PRO network camera is capable of delivering quality image in 1080p resolution at 30/25 frames per second. This high-performance mechanical (ICR) day/night camera is ideal for 24/7 surveillance over the network. It suits any indoor applications where maximum image quality and efficient bandwidth usage is vital. At night and in low lighting conditions, its high sensitivity sensor ensures clear and noise free images. It also comes with various detection functions to keep you informed upon events. Other features include micro SD/SDHC card slot, video out and two-way audio.

MESSOA TECHNOLOGIES / K413-K419

MDC-H6290VTD-48

MDC-H6290VTD-48 is powerful 2MP HDcctv weatherproof IR Camera. It has Excellent Video Quality of 1080p at 25/30fps and provides crystal clear image by Digital Noise Reduction and Edge Enhancement Technology. MDC-H6290VTD-48 also features second video out for Analog Composite / Filter Changeable 3.5~16mm MP Lens / 48pcs of IR LEDs / Built-In OSD Control Board. MICRO DIGITAL INC. has developed full product line including HDcctv DVR for HDcctv surveillance. MICRO DIGITAL INC. is the most powerful innovator and partner for you to enter and experience the world of high definition HDcctv.

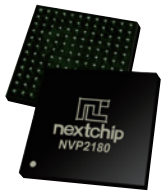
MICRO DIGITAL / K643-K648

Uncompressed High Definition Camera 720p/1080p with the SMPTE Standards

Mintron released the latest high-speed with Serial Digital Interface (SDI) transmission technology which is compliance with the SMPTE 274M and 296M standard. The broadcasting level camera features real-time videos, 800TVL high resolution, and low-light image under 0.1 Lux. The customer gain application range of nighttime surveillance and low-light inspection. The difference from IP-Cam is SDI, non-compressed transmission technology, allows video, audio and control perfectly, the video transmission can CVBS and HD-SDI or HDMI (High Definition Multi-Media Interface) or FIBER (Selectable By Order) output simultaneously. Mintron's SDI can be applied to many types as high-end home security, intelligent biological reorganization, mechanical inspection, medical surgery, and other HD applications.

MINTRON ENTERPRISE / L704-L707

Highend CCD Image Signal Processor (NVP2180)



NVP2180 is a high-end and high performance image signal processor to upgrade your CCTV Camera. With αWDR and F-DNR (defog), you will have a distinctive image in any severe circumstances: counter light, fog, rain, etc. Improved than conventional WDR, αWDR will make you look into the bright scene as well the dark scene at the same time. This enhanced image can be also improved by using D-WDR and 3D-NR together. New special features including DIS, PiP, and polygon privacy mask zone will enhance your overall system performance. Other features like digital zoom for magnifying image without zoom lens, etc. will help you to get the image you need.

Camirror

"Camirror" is an innovative camera with incredible design. The surface of Camirror is coated with Nimax's own patent. We are using the special coating technology and built in OSD function operated by Remote control. Two of the specifications are our patent! There are 5 types: Round, Square, Small, Room and Oval Camirror.

Round Camirror 3 different dimensions to satisfy customer's demand: 280mm, 440mm and 540mm for your choice. The product could be applied to School, Supermarket, Convenient Store, Shopping Mall, Restaurant, Government Building, Bank, Hotel, Hospital, Bus/Train Station, Airport, Parking Lots, and Lanes.

Full HD. Wireless IPCAM

IPCAM support 802.11b/g/n wireless and WCDMA 3G transmission system integration, provides D1 (720x480), 720P (1280x720), 1080P (1920x1080) for @30fps.

OPTIMAL DSP TECHNOLOGY / L1026, L1028

RGPS-7084GP-P

RGPS-7084GP-P is the managed IEEE 802.3at PoE Ethernet switch with 8x10/100/1000Base-T(X) P.S.E. ports (up to 30W per port) and 4x1000Base-X SFP ports, supporting centralized and visualized network management via Windows utility (Open-Vision v3.0) with Google Map network display. For network security, RGPS-7084GP-P features hardware-based DDoS auto prevention, plus ORing's proprietary Device Binding, which allows only network traffic from the designated video surveillance device to go through a specific network port. For network stability, RGPS-7084GP-P has ORing's advanced network redundancy technologies, such as ORing's proprietary O-Ring, O-Chain, Open Ring, etc., providing swift recovery time (< 30 ms) and/or multi-vendor compatibility.

ORING INDUSTRIAL NETWORKING / K902, K904

IP Camera (Model Name : PNC-iX12)

Pinetron will be launching its new IP camera series. It will support installer-friendly features such as IP setup on GUI based through BNC out without PC and 16-IP Camera Recording Setup Summary at CMS which are similar like analogue camera setup on DVR. Various web browsers and mobile applications are supported for your convenience. With Pinetron's IP solution, you don't need to afraid about IP or have full knowledge of special high technology anymore. IP is already near you.

PINETRON / M637-M642

PLANET H.264 2Mega-Pixel Vandal Proof Fisheye IP Camera (ICA-HM835)

Unique fisheye lens offers 360° panoramic wide angle view without dead spot and saves sizable installation cost by replacing multiple traditional cameras; 2 Mega-Pixel CMOS image sensor delivers high resolution surveillance; Perspective correction software eliminates distortion caused by fisheye lenses and saves lots of traditional mechanical Pan/Tilt maintenance cost; 7 different 360°/180° video modes including digital PTZ function; IP66 certified water proof design and aluminum vandal proof housing enable reliable outdoor surveillance; IEEE 802.3af Standard PoE Interface for easy installation; Built-in ICR (IR-cut filter Removable) for day/ night surveillance.

PLANET TECHNOLOGY / K637-K640

X20 Full-HD IP PTZ Camera

PROBE specializes in the manufacture of high performance IP cameras and have newly released a 'X20 Full-HD IP PTZ Camera' in 2011. A PROBE X20 Full-HD IP PTZ Camera offers high-resolution of video images (1080P HD) and Pan/Tilt/ Zoom capability which is easily and promptly controlled. The following image quality and Date Streaming Capability are outstanding: H.264 Video Compression with 2 Mega Pixel, VBR/CBR Video Streaming and 30 fps for 1080P. You will realize the strengths of PROBE camera compared to other companies' one. Also it enables users to utilize it more effectively due to the Micro-stepping technology that one step angle is divided by 256 and Vector drive technology.

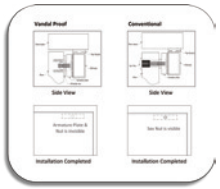
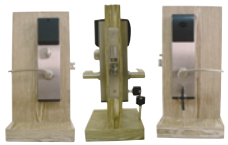
ALGATEC - Vandal Proof Electromagnetic Lock



The ALGATEC Vandal Proof EM Lock provides a more tamper proof design. Whereby Armature plate & nut are invisible after installation completed, making it extremely difficult to tamper with. It's ideal for all door type & easy for installation with low maintenance & low energy consumption. Suitable for access controlled & secure areas within buildings. ALGATEC's continuous enhancement through the development of sophisticated electronics will broaden the future uses of these devices in electronic security systems. Total quality involvement, a responsibility born by all ALGATEC employees. Continuous improvement and quality at source assured competitive pricing.

UWC ELECTRIC / J431

Electric Locks



Founded in 1992, Vanguard Security has been engaging in developing, manufacturing and marketing high performance Electric Locks (maglocks, strikes, bolt, door holders, keypad, proximity locks, etc) and peripherals (exit buttons, power supplies) with easy install, innovative and quality design for access control and the security industry.

VANGUARD SECURITY ENGINEERING (VGSE) / J324-J327

ZM 1701 Electronic Lock

Vision's door lock is Water proof can be installed outdoor, Code numbers can be any combination of digits 2~8 digits long, Warning sounds and keypad shuts down after 4 incorrect code attempts, LED visual feedback message definitions, Indoor/Outdoor use, 100ft line of sight, the most important thing is it can be operated with Vision's other Z-Wave products. US frequency and EU frequency are available. 3 styles and 3 colors are available.

VISION-ELEC. TECHNOLOGY / I652

Others

G5 GSM/SMS/RFID Touch Alarm System

Interactive SMS communication, easy to program; Support 60 wireless sensors & 50 RFID tags; Available for electronic door lock, voice memo recordable; Remote monitoring by phone; Arm & disarm by SMS or free phone call

ASIA SECURITY TECHNOLOGY / N918, N920

3G/SD/HD-SDI Optical Transceiver

The 3G/SD/HD-SDI Optical Transceiver is designed for TV industry, with high reliability and high performance. Signal formats from 19.4 Mbps to 2.97 Gbps. The system support signals accord with standards of SMPTE424M,SMPTE292M, SMPTE259M, SMPTE297M,SMPTE305M, SMPTE310M,and support digital TV signals like DVB-ASI (EN50083-9), meeting the industrial and relevant requirements of audio and television products. The function of network management is optional, and the running status of the system can be monitored by inserting just one network-managing card.

CHANGZHOU HENGSION ELECTRONIC S&T / M1037

FHD-HDMI Optic Fiber Converter

FHD-HDMI High Definition HDMI optic fiber converter could transmit video of kinds definition under 1080P to the long distance. It adopts all digital transmission mode, the users don't need any adjustment, simple, safe, stable capability could satisfy the high quality needs. And it's widely used in Info Diffusion, traffic guide and information display system, outdoor LED display system etc.

CHANGZHOU HUALONG COMMUNICATION TECHNOLOGY / L343

Digital Quad-Beam Active Infrared Sensor

1. High reliable intelligent quad series (60m, 110m, 160m, 200m) 2. Four synchronized pulsed infrared beams without false alarms 3. 10-level LED indicator, we can check beam strength easily 4. Highly accurate alignment, no need to use voltmeter 5. Selectable 8-channel beam frequencies without crosstalk 6. Adjustable beam interruption period (50-700msec) 7. Lighting & Surge protection. Automatic gain control circuit 8. Form C relay providing more applications 9. Anti-Frost design 10. Target color & structure colors are easy to be targeted in the beam alignment process

CITY WALL ENTERPRISE / I531

Terminal Block

Research and development is always based on continuous improvement. We will always provide customers with new designs, reasonable prices and efficient services to be met or exceed their most exacting demands.

GIGAWAY TECHNOLOGY / M1003

sxW2

sxW2 is a low latency in-stream pixel processor providing advanced system capabilities such as ePTZ and image enhancements along with de-warp of fisheye lens. The sxW2 also has the capability to seamlessly stitch together multiple cameras. sxW2 enables designers to dewarp lenses of varying field of view, up to 220 degrees, and accomplish dewarp of the entire image with ZERO pixel loss. In addition, users can configure the view up to 16 rectangular sub-views with each sub-view providing electronic pan-tilt-zoom capabilities independently. The open, self-configuring architecture of sxW2 permits designers to use multiple ICs to target systems of higher resolutions.

GEO SEMICONDUCTOR / M1108

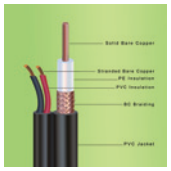
HG-2500 Wireless Alarm Systems

Easy to Install and Use! Hopping Codes prevents unwanted code grabbing Support Max. 63 sensors and 3 wired inputs to trigger any DVR and IP cameras. Two way voice communication available. Arm and disarm system by remote control, keypad or any phones. Keypad with LED Back light Specifications: 1. Frequency: 433 MHz 2. Power source: AC adapter, DC 12V 3. Dimensions: 26 x 17 x 3.5 (cm) L x W x H

NUZON TECHNOLOGY / J608

Others

CCTV Siamese Cable



Highest-quality materials, strict technological discipline; 80~95% copper braid coverage; Two copper power wires up to AC220~260V; Preliminary quality control of materials and thorough tests of the final product

SHANGHAI AIPU WATON ELECTRONIC / M901

Passive Video Transceiver (FS-4201SR)

1-CH Passive Mini Balun with 16cm mini-coax pigtail lead; Color video up to 1300ft (400m) with passive transceiver via UTP cat5e/6 cable; Color video up to 2200ft(700m) with active receiver via UTP cat5e/6 cable; Push pin terminal connection; installation in less than 1 minute; Built-in TVS for surge protection; Lightning protection design Grade:III; Wave Filter Design, Anti-Static Design; Exceptional interference rejection; No power supply required

SHENZHEN FOLKSAFE TECHNOLOGY / L236

UHF Wristband

UHF wristband, in ultra high frequency at 860~960Mhz, features the reading distance 2 meters, non- toxic silicone rubber and adjustable band for both adults and kids. Laser logo engrave is available. The product is suitable for swimming pools, spas, saunas and water theme parts.

Fast glimpse at Secutech 2012

Fair Date 18-20 April 2012

Opening Hours
10:00 am -18:00 pm / 10:00 am-17:00 pm (last day)

Venue Taipei Nangang Exhibition Centre, Taiwan

Web www.secutech.com

Exhibition Space 35, 873 sqm gross (expected)

Exhibitors 560 (expected)

Visitors 26, 000 (expected)

Exhibit Profile Over 3,500 gadgets including

1. **Electronic Security:** IP Surveillance, Video Software/Storage, Digital /HD Surveillance, Access Control/ Biometrics/ RFID, Intrusion Alarm, Homeland Security, Vehicle Security, Transmission Devices and Police Equipment
2. **Fire & Safety:** Active/ Passive Fire Safety, Disaster Prevention and Rescue Equipment, Industrial Safety and Environmental Sanitation
3. **Information Security:** Security Management, Network Security, Content Security and Application Security
4. **Components of Security:** Image Sensor, ISP, Codec / SoC, Lens, Flash and HDD

Visitor Profile
Distributors, Wholesalers, Dealers, Manufacturer System Integrators, Installers, Services and Others

Admission Fee
Trade visitors only. Admission free upon registration.

Fringe Program

- Global Digital Surveillance Forum (GDSF) Asia: HD Surveillance Seminar, Software & Integration Seminar and Video Storage Management Seminar
- Composec
- Business Matching Event
- Seminars and Conferences
